A Touchstone Energy[®] Cooperative 

With the onset of new and emerging technology as a means of energy conservation and cost containment efforts the Board of Directors have put in place a Policy requiring new members to sign a statement in cooperation with the Cooperative's Energy Efficiency water heater program. Please fill in the following questions.

_____ 1. I do presently have an electric water heater in my residence and I authorize the Cooperative to install a water heater control device as the Cooperative's deems necessary. My water heater is a _____ gallon heater with _____ watt heating elements.

_____ 2. At the present my residence water is being heated with other than an electric water heater. Should I switch to an electric water heater in the future I will contact the Cooperative at the time of installation so that a control device may be installed.
